

Writing & Researching Effectively Workshop

Having trouble with your research paper?

Students who attend the *Writing and Researching Effectively Workshop* learn how to complete a research paper from start to finish.

During this workshop students will....

- Get an introduction to the library's services
- Practice using the library's online database system
- Get an introduction to SLC services
- Learn steps to conducting effective research and subsequently writing a more effective paper
- Discuss tips and tricks to be a better researcher and writer
