Benediction	Dr. O'Shaughnessy
Recessional	Jeff Linn Scottish Highland Piper

AUDIENCE, PLEASE BE SEATED UNTIL AFTER THE RECESSIONAL

Special thanks to Heritage Interpreting for
providing interpreting services.

Established in 1902, Franklin University is central Ohio's leading educator of working professionals and one of the largest private universities in the state. As a student-centered institution and innovator of online education, the University offers applied majors at the undergraduate and graduate levels, enabling adult learners to achieve their educational and professional goals. Over 1,500 students graduate from Franklin each year and the University's 50,000 alumni can be found worldwide – serving the communities in which they live and work.

Our students come to us from all walks of life, across the country and around the world. Many of them take classes at our Main Campus in downtown Columbus, while also taking advantage of online course options. Our online degrees are convenient and affordable, with courses that provide the ultimate flexibility to all our students.

To create greater educational opportunity for even more students, Franklin partners with community and technical colleges across the nation to enable transfer students to complete their bachelor's degrees through our Community College Alliance (CCA) program. The University defines itself as a world leader in higher education by partnering with educational institutions in Europe, Asia, Central America and the Middle East.

In addition, Franklin's distance education reaches active-duty soldiers across the globe through the ArmyIgnitED program, providing eligible enlisted soldiers the opportunity to earn bachelor's degrees while serving our country. Franklin also has a formal partnership with the Army National Guard and offers a tuition discount to military family members.

Franklin faculty and staff work collaboratively to ensure academic quality, provide access to educational opportunities, adapt to the needs of adult students, and respond appropriately to changes in society, professions, and the global business community. Ultimately, their dedication helps open doors to increased opportunity for our graduates today – and well into the future.

As a nonprofit, private University, Franklin is supported by tuition and the generous contributions of alumni, friends and the greater Columbus community. Franklin University is accredited by the Higher Learning Commission.

Franklin University is committed to providing high-quality, innovative, and relevant education at an affordable cost. The University continues to respond to the needs of businesses and students with sound academic programs, a variety of course delivery options and competitive tuition rates. Franklin offers undergraduate and graduate programs, as well as academic minors.

Franklin University The University of Opportunity

Franklin University is a student-centered, nonprofit, independent institution.

Franklin University provides high quality, relevant education enabling the broadest possible community of learners to achieve their goals and enrich the world.

• HONORARY DEGREE RECIPIENT •

Scott Wiley

As president and CEO of the Ohio Society of CPAs (OSCPA), Scott Wiley leads a team that creates and delivers innovative advocacy, education and business solutions for 85,000 of Ohio's CPAs and accounting

professionals. In this role, Wiley has proven himself to be a powerful agent for positive change. In fact, his efforts to meet the changing demands of an evolving workforce and rapidly changing business environment have been featured in Talent Generation, Pivot Point and Becoming Essential, publications that chronicle leading edge thinking for organizations and their executive leadership.

Since his appointment in 2013, Wiley has repositioned OSCPAs to deliver greater member value. He has refocused staff resources, products and services and launched a new mission, vision and brand that is reflective of OSCPAs commitment to advance and diversify the accounting profession and support members as Ohio's top strategic financial advisors.

Under Wiley's leadership, OSCPAs has advanced and modernized continuing education for CPAs. OSCPAs was the first state CPA association to launch a successful online learning platform and Ohio was the first state to approve CPA continuing education credit for nano learning. This strategic move emphasizes that learning formats must be flexible and evolve to meet the needs of a new generation of professionals.

Mindful of changing demographics in America, Wiley is making a diverse and inclusive CPA talent pool a top priority in Ohio. As president of the Ohio CPA Foundation, which funds programs to grow and strengthen Ohio's CPA talent pool, Wiley has led the launch and capital funding efforts for the nation's largest accounting workforce development initiative.

An Outstanding Graduation Honoree is a distinguished student who has been handpicked by a faculty member for their exceptional performance in academics. This accolade highlights their unwavering commitment, relentless pursuit of knowledge and unrivaled work ethic. The nominee has consistently exhibited a remarkable level of intellectual curiosity and critical thinking prowess, going above and beyond to demonstrate learning mastery and scholarship in their field of study. Through this recognition, the student emerges as a role model for their peers and an inspiration for all aspiring scholars.

It is our honor to highlight the following three honorees. Each one has recorded a special video message that can be accessed at franklin.edu/commencement.

Cheryl Stewart is a technology and engineering professional with a distinguished career spanning diverse roles and responsibilities. Currently serving as an information technology leader at Sinclair College, she leads a dynamic team spearheading software architecture, design, development and support for critical institutional systems. She excels in creating visionary strategies and steering the direction of administrative systems to meet the evolving needs of the college. In addition to her professional roles, Cheryl is a respected member of Sinclair's Computer Information Systems Advisory Board, contributing to curriculum development and industry trends. She is also actively involved in committees dedicated to enhancing student success. Today, Cheryl adds a Doctor of Business Administration degree to her wealth of experience.

Trevor George Moore is a leader dedicated to operational efficiency and excellence. The Master of Business Administration (MBA) graduate also earned Lean Six Sigma White Belt certification and an MBA Foundations microcredential. Beyond academics, Trevor is actively involved in community service that includes volunteer clean-up efforts, food drives and supporting veterans in job placement. Underlining his dedication to sustainability is his passion for utilizing Lean Six Sigma methodologies to reduce carbon emissions worldwide. Trevor's personal and professional experiences reflect his desire to positively impact his industry and his community to create a brighter and more sustainable future.

Rachel Ballowe is a refugee social worker and supervises other social workers with a goal of ensuring excellent case management for clients. She believes that everyone can live their best life given the right support and resources. Prior to completing her B.S. Social Sciences from Franklin, she earned associate degrees in psychology and social work. Rachel is also a certified financial coach and certified in mental health first aid. In addition to her professional and academic accomplishments, she is a mother of three and is highly engaged with church and community activities.

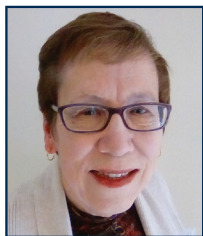

Each trimester, two faculty members are honored with the Robert L. Bailey Teaching Award. Graduating students are asked to identify one undergraduate and one graduate faculty member who had the most significant influence on them throughout their educational experience at Franklin University. The award recognizes those who have challenged students intellectually and guided them in finding the significance of the course content as it relates to them both personally and professionally.

While more than 100 graduate and undergraduate faculty members are nominated each trimester – clearly showing the magnitude of interaction between students and faculty at Franklin University – the faculty members receiving the most nominations are awarded this honor.

These awards are funded through an endowment established by State Auto Insurance Companies in recognition of Robert L. Bailey, who served State Auto for 28 years in various positions, including president, CEO and chair, until his retirement in 2000. Bailey is also a past chair and a trustee emeritus of Franklin University's Board of Trustees.

Congratulations to this trimester's recipients: **Jo Ann Judy**, undergraduate faculty and **Dr. Kris Wilson**, graduate faculty. Each of the Bailey Award winners has recorded a special video message that can be accessed at franklin.edu/commencement.

Jo Ann Judy teaches research writing and interpersonal communication. Prior to joining Franklin University, she taught courses at several community colleges and adult education programs and conducted training workshops for a variety of businesses and government agencies. She has enjoyed a career as an independent writer, contributing hundreds of articles to a wide range of consumer, business and trade publications as well as contributing to a post-secondary textbook on communication for the workplace. She also has provided editorial services for several educational publishers and has designed and developed numerous workbooks, training manuals and other educational materials. Jo Ann holds bachelor's and master's degrees in education from The Ohio State University.

Dr. Kris Wilson has over 25 years of experience in the healthcare field and is currently a chief information officer and hospital administrator for a regional healthcare system. She holds a bachelor's degree in organizational management, a master's in healthcare administration, and a doctorate in health science. Dr. Wilson empowers her students to be change agents and to position themselves as our future healthcare leaders. She believes in applying concepts and real-world examples to the coursework to prepare students for the challenges in the healthcare field. Her teaching philosophy includes discussing relevant applications of the material to a student's current or future work environment and inspiring students to use the course material to immediately improve their practices.

The Franklin University Alumni Awards were created to recognize the many achievements of Franklin University alumni, both professionally and personally. The awards, open to all alumni, distinguish accomplishments in three categories: professional excellence, social impact and alumnus of the year.

One of the three awards will be announced at each of the University's Commencement ceremonies, on a rotating basis. The Franklin University Alumni Advisory Council will consider nominations and applications and will make its recommendations to the University's president for approval.

Today, we honor Misti Norman with the Alumni of the Year Award.

Misti Norman's mission to "nurture, teach and grow children to reach their highest potential" begins with children but extends to their families and her staff. Misti is the owner and operator of Heavenly Kids Center

for Learning, an early learning center located in Columbus' downtown Discovery District for children ages 6 weeks to 5 years old. Her goal is to educate and support families so that they can build legacies for themselves and pass on strong principles of success to future generations. Over the past 16 years, Heavenly Kids also has expanded its services to provide workforce and professional development programs for parents and teachers.

Misti's passion to develop programs to support children and families led her to start Morning Enterprise, a community development company that focuses on building and restoring commercial and residential properties in lower income neighborhoods. She and her son have partnered with Columbus Landmarks to establish the King-Lincoln Bronzeville commercial corridor as a nationally registered historic district.

A Columbus native, Misti is a proud mother of four adult children, who work alongside her within the companies. She is a strong advocate for early education in the community and serves on the advisory committees for two premier voices in Ohio for early education: Groundwork Ohio and Action for Children. Misti has experience at the state and federal levels as an advocate for young learners. She also has been featured in many local publications including The Columbus Dispatch, Columbus Parent, Columbus CEO and Business Link lending her expertise to various topics in the field of early education. Misti attributes her success to the strong academic foundation she received at Franklin University as part of her bachelor's degree with a double major in business management and marketing.

• ACADEMIC REGALIA •

Identification of the hood and robe as academic apparel is believed to have originated at the English universities of Oxford and Cambridge during the 13th and 14th centuries. The hoods are thought to be carried over from the times when the monks who operated universities wore them to protect their shaved heads in winter. The robe also may have been necessary for warmth in the unheated buildings frequented by medieval scholars.

Use of the academic robe came to the United States in the 18th century. In 1895, a conference of various university officials adopted a universal code of design and color, which has undergone numerous revisions over the years.

Robe styles vary for the bachelor's, master's and doctoral degrees. The width of sleeve borders and length of the hood increases with each advanced degree. The color of the velvet border on the hood indicates the type of advanced degree achieved.

• UNDERGRADUATE HONOR CORDS •

Gold signifies summa cum laude, 3.90 or higher cumulative GPA.

White signifies magna cum laude, 3.70-3.89 cumulative GPA.

Red signifies cum laude, 3.50-3.69 cumulative GPA.

To qualify for these honors, students must complete a minimum of 30 cumulative semester hours in baccalaureate coursework or 20 semester hours in associate coursework at Franklin University.

• CANDIDATES •

Please note: This program is not an official graduation list. The University's final record of the conferral of degrees is the student's official academic transcript, which is kept by the Office of the Registrar, 201 S. Grant Ave., Columbus, Ohio, 43215.

• ALUMNI GREETINGS •

Congratulations to the Fall 2023 graduates of Franklin University! The Office of Community Relations welcomes you to the ranks of Franklin alumni who are making a positive impact on communities around the world.

We want today to be the start of a long and fruitful relationship between you and your alma mater, so we hope you will stay connected to Franklin and to one another through our online community (franklin.edu/alumni). You will be able to learn about Franklin events, access our new alumni podcasts, give back to the university and more.

This past week, you received an email about becoming involved and staying in touch. You can help us serve you better by letting us know about career changes and promotions, updates to your contact information, and other major events in your life. That way, you'll never miss an update and we can share your good news with your friends and classmates.

To provide the Office of Community Relations with any changes, call us at 614.947.6062, email us at alumni@franklin.edu, or visit our online community at franklin.edu/alumni. And don't forget to visit us on Facebook, LinkedIn and X!

Again, congratulations on earning your degree. We're proud to have you as part of Franklin University's alumni community and we look forward to your active participation in the years ahead.

• THE ALUMNI PIN •

As a graduate, you received your own **Franklin University Alumni Pin** at Commencement. If you meet a fellow Franklin graduate who doesn't have a pin, you're invited to pass yours along to promote a sense of connection within our alumni family. After you've given your pin to another Franklin graduate, just visit the Benefits & Services page at franklin.edu/alumni, click on the request pin link and request a replacement. If you have not received a pin, please visit franklin.edu/alumni or call the The Office of Community Relations at 614.947.6062 and we will be happy to send you one.

Congratulations, Graduates!

Reward yourself – or commemorate this special achievement for the new Franklin grad in your life with official merchandise from the Franklin University Online Spirit Store. Your purchase of shirts, sweaters, jackets, hats and other Franklin alumni gear not only keeps today's celebration going for one grad, but it opens the door for others, as a portion of each sale goes toward funding scholarships for Franklin students.
