Focused on the adult learner *since 1902*

Nonprofit and accredited, Franklin has been making it possible for students to balance earning a degree with work and life for more than 120 years. Through our industry-aligned programs, Franklin students gain the knowledge they need to meet employer expectations and make an immediate impact in the workplace.

From entrepreneurs to CEOs, more than 50,000 Franklin alumni can be found serving the communities in which they live and work.

Accessible with local, regional, national and global reach

- In addition to on-site course options at our Main Campus in downtown Columbus, Franklin is an innovator in providing personalized online education and is Ohio's #1 nonprofit university for online degrees.
- Partnerships with community and technical colleges across the United States provide affordable 3+1 bachelor's degree pathways.
- Global partnerships span Europe, Asia, Central America, and the Middle East.

Respected for relevant academic programs that meet industry standards and market demand

- Franklin has earned accreditation from the Higher Learning Commission in addition to specialized accreditation for education (CAEP), nursing (CCNE), health information management (CAHIIM) and specific business (IACBE) programs.
- Franklin offers transfer-friendly bachelor's degrees in business, technology, education and healthcare.

- Theory-to-practice master's degrees can be completed 100% online in as few as 12 months.
- Applied doctorates maximize transfer credit and feature a No-Fear Dissertation.®
- The University is designated as a National Center of Academic Excellence in Cyber Defense (CAE-CD) by the National Security Agency and the Department of Homeland Security for our cybersecurity programs.

Innovative and entrepreneurial

- The University's FranklinWORKS initiative provides partner organizations with a complete portfolio of education options to recruit, train and retain the talent vital to moving their organizations forward.
- Grounded in scholarship, the International Institute for Innovative Instruction employs effective design practices to create interactive and engaging learning experiences for diverse learners.
- The Center for Public Safety and Cybersecurity Education creates cross-disciplinary education and training that prepares professionals to effectively prevent, solve and investigate cybersecurity issues and challenges.
