## Institution Learning Outcomes

- ILO1 Communication: Communicate professionally using a variety of modalities (written, spoken, and technological).
- ILO2 Critical Thinking: Analyze and evaluate information to make reasoned arguments and solve problems.
- ILO3 Civic & Global Engagement: Integrate knowledge and skills to engage with and respond to social, environmental, and economic challenges at local, national, and global levels.
- ILO4 Ethics: Analyze and evaluate complex issues and situations to make informed ethical decisions.
- ILO5 Disciplinary Expertise

## Program Learning Outcomes

- MSN.N1 Synthesize theories and knowledge from nursing and related disciplines to develop a theoretical basis to guide practice in an advanced nursing role.
- MSN.N2 Apply leadership skills and decision making in the provision of high quality nursing care in diverse settings.
- MSN.N3 Provide leadership across the care continuum in diverse settings to promote high quality, safe, effective patient centered care.
- MSN.N4 Appraise, use, and participate in the extension of nursing knowledge through scientific inquiry.
- MSN.N5 Integrate current and emerging technologies into professional practice.
- MSN.N6 Demonstrate responsive leadership, collaboration, and management to influence the advancement of nursing practice and the profession of nursing and to influence health policy.
- MSN.N7 Employ collaborative strategies and effective communication to advocate for the role of the professional nurse as a member and leader of interprofessional teams.
- MSN.N8 Integrate clinical prevention and population health concepts to provide holistic, comprehensive nursing care for individual, families, and aggregates.
- MSN.N9 Demonstrate an advanced level of understanding of nursing and relevant sciences and integrate this knowledge into practice.
