All exams are computer-based and can be proctored online with ProctorU, our online proctoring partner.

Important FUPE Information:

- FUPE exams should be completed at least **one trimester prior** to the term in which the student expects to graduate and should be planned with the student's Academic Advisor.
- *NOTE: A student may not earn credit through proficiency exams for courses previously attempted, including any courses in which the student has received a failing grade or a 'W' or if it is during or after the second week of the course.*
- FUPE exams are forwarded to faculty for evaluation. Students can expect to receive results in approximately three weeks.
- Students may repeat unsuccessful FUPE attempts after a six-month period.
- All students need to visit the Learning Commons Testing website to register for a FUPE exam. Students living outside of the central Ohio area will need to locate a proctoring center to administer their exam, students in Central Ohio will test at the Main Campus, Testing Center.
